Safe Oregon

Molalla High School is always looking for ways to create a safe learning environment for all students. One of the tools that we utilize is the Safe Oregon Tip Line. This is a resource where school safety threats can be reported. By going to safeoregon.com, tips can be submitted via website, phone call, text, email, or mobile app. We encourage any concerns regarding school safety to be submitted using this tool.

There's An App For That

A new Molalla River School District app has just launched. This is a new tool that will be utilized to communicate with families and staff. The app is available in the App Store and Google Play. Simply search for Molalla River School District and it should pop up. Once you've downloaded the app, you can select the specific school(s) within the district that you'd like to see news and alerts on.
