

## Molalla High School Athletics Sign Sponsorship Program

October 2018

**Molalla High School Athletics** is kicking off a new *Sign Sponsorship Program*. This program is designed to be a win/win for your business and Molalla Athletics! If your company doesn't already have a similar size sign, PepCo will work with your company and create **vinyl sponsor banners** for the Molalla High School Athletic Department and the proceeds from the donation help directly fund and maintain Molalla High School sports program while advertising your business at the same time! The potential banners locations are listed below. They are a

- Uniform in size and vinyl color, **4'x 8'**, 13oz. white vinyl (outside) and 11 oz. (inside).

**The design of your banner is simple**; if you already have a business design and/or logo, the design can be sent to PepCo Designs. PepCo Designs is a local full service sign and banner company and they will assist you with design ideas if needed.

The initial donation for the first sponsorship banner is \$250 (plus one-time \$200 for design and construction of each banner) each year for a location of your choice. Each additional location is \$200 each year. If you choose six locations, you will save an additional \$500 with the total being \$1000.00. If you choose all 7 locations, you save \$600 and the total is \$1100. The banner becomes the property of the school and all banners will be guaranteed for three years for workmanship. We will take them down and store them at the conclusion of each season to save wear and tear. We will put them up at the beginning of each sport season as well.

First year invoices are sent by Molalla High School once the agreement has been made to sponsor. The banner is then constructed and hung when PepCo completes and delivers it to MHS. If you wish to continue the sponsorship yearly, we will send out an invoice in September with the donation due in October. **Please make your check to Molalla High School Athletics – Banner Donation.** Please see the contact information below if you have any questions.
